RE: Washington Street Bridge Project

Mr. Proud:

Just wanted to drop you a letter to let you know how satisfied we are with the Washington Street Bridge Project. The Indiana Department of Transportation and Atlas Construction were very helpful and went beyond their responsibilities to make this project a success.

I especially appreciated the good close working relationships with Mike Kinsey and J.D. Chael. They were very professional in the dealings with us and kept us informed of the progress.

Mr. Rich Isom who was in charge of the Atlas crew was very helpful and a pleasure to work with. I believe the City Street, Water, and Police Departments all worked together with INDOT and Atlas as a team.

You can be proud of the crew that works this area.

Respectfully submitted:

  
Mayor Lee W. Heard
