4740 Swisher Rd., Building A

West Lafayette, Indiana 47906

Dear Mrs. Dillon:

I'm writing this letter to let you know I really appreciate the Cooperation between Tim Medley and all your People for their Efforts in working with our Company on the Harmony Sewer Project. This was difficult job for both parties, as Utilities had to be relocated to make the necessary room for the Storm Sewer Installation.

Tim worked with us very well to accomplish this goal.

Communication is always the standard for success in these types of Projects and your Employee's demonstrated Professionalism during all phases of this operation.

Again, I want to thank you and your employees for their efforts.

Sincerely,

Bud Shute

Engineering Coordinator

Vectren Corp. (Ind. Gas Co)
