Mr. Dillon,

I would like to commend the efforts of one of your employees, Mr. Charles ("Chuck") Young, who served as superintendent for a portion of the Railroad Street Project in Battle Ground (Contract R-30584).

This project got off to a rocky start, but things began to improve when Chuck was assigned as the replacement superintendent. Through his efforts, the project was completed in a timely manner and everyone is very pleased with the results.

Where each project has its unique problems, Chuck met every obstacle with a smile and worked with the town and the construction inspection team to develop mutually acceptable solutions. But don't think for a minute that Chuck was a push-over; I was quite impressed by his manner of providing excellent customer service while still protecting the interests of his employer. That's a tough balancing act - and Chuck handled it well.

I thank you for sending Mr. Young to work on this project.

Sincerely,

Steve Egly
Member, Battle Ground Town Council

Brian Garrett

I would like to say that Marty did an excellent job while working on the punch list in Battle Ground. He completed the items on the list in a timely manor that he had the material to due. The work he did was quality work.He complied with the project requirements.

Sincerely
