Sir,

My phone line was not marked prior to your company's excavation so line was accidentally cut.

I told men working about it so, Scott Medley called Bell Telephone for me and they said they would be here Tuesday to fix it.

I am 79 yrs of age, on oxygen 24 hrs daily plus a pace maker and defibrillator impleted in my chest, plus on a life line. All these go thru telephone line so I need a phone -

Your men Scott Medley and two other coworkers stayed til after dark trying to get my phone back on. didn't work. Scott Medley and men went to a store and bought me a TracFone plus paid for minutes for me and also gave me a number to reach him if anything went wrong.

(over)

My Grandchildren stop in to see how I am doing but I have no other help - oh yes "meals on wheels" are here everyday but anyway -

Your guys really are great considerate and caring -

Please thank them for me - plus your company has men working for you that are great -

Makes me feel that there is a lot of hope for our future just meeting kind men like Scott Medley and coworkers -

Thank you Again
Truely

Rance' Lee Behymer
